

EPSON®

INK JET PRINTER

STYLUS® PHOTO 2200

Cutting-edge Performance. Quality Made to Last.

With 7-color UltraChrome™ inks and 2880 x 1440 dpi resolution, the large-format EPSON Stylus® Photo 2200 provides remarkable archival photo printing, plus versatile media handling.

Key Features

7-color UltraChrome inks and individual ink cartridges

- Delivers archival results with a lightfastness rating of up to 75 years for color prints, and up to 100 years for black and white prints*

2880 x 1440 dpi resolution with ultra-fine 4-picoliter ink droplets

Roll paper holder and automatic cutter

Interchangeable Photo and Matte Black inks

- Creates the deepest, darkest blacks on glossy and matte paper respectively

PRINT Image Matching™ technology (P.I.M.)

- Works perfectly with PRINT Image Matching-enabled digital cameras for the best quality prints possible

Fast USB, FireWire IEEE1394 and parallel connectivity

Printer Technology

■ Innovative Ink System

- The first desktop photo printer to include seven pigment
- inks, the EPSON Stylus Photo 2200 offers phenomenal
- quality and detail. EPSON UltraChrome Inks use a special
- technology that delivers the highest color gamut of any
- ink jet pigment ink. And, this innovative system provides
- convenient individual ink cartridges for more efficient
- ink use. Durable and fade-resistant, these brilliant inks
- deliver archival results for long-lasting portraits, snapshots
- and more.

■ Interchangeable Photo and Matte Black Inks

- The EPSON Stylus Photo 2200 lets you optimize image
- quality based on the type of ink and paper you use.
- Photo Black ink can be used with glossy paper for the
- richest, deepest blacks possible. The optional Matte
- Black ink creates optimum results when printing on matte
- paper. Each of these choices, when used with its
- corresponding paper type, provides a higher optical
- density, plus improved contrast and gradations.

■ Convenient Paper Handling

- The EPSON Stylus Photo 2200 has three paper paths
- for greater versatility. In addition to its standard paper
- path, the printer has a straight-through pass to handle
- a variety of media types, including posters as thick as
- 1.3 mm. A built-in roll paper holder and automatic cutter,
- make it ideal for continuous printing of 4" x 6" prints,
- which are automatically cut to size.

■ Minimum System Requirements

- For Windows
- - USB 1.1/Parallel: Windows 98, 2000, Me, and XP
- - IEEE1394 (FireWire): Windows 2000, Me and XP
- - USB 2.0: Windows 2000 and XP

For Macintosh

- iMac™ G3 or G4 processor with built-in USB
- or FireWire
- Mac OS 8.6 to 9.x and OS X 10.1 or later

For Windows and Macintosh

- 500 MHz or faster processor recommended
- 128MB RAM or more recommended
- 200MB available hard disk space or more
- recommended
- CD-ROM or DVD-ROM drive

■ Software

- EPSON Software™ Film Factory™
- P.I.M. plug-in for Adobe® Photoshop®
- Exclusive third-party software offers

8" x 10" photo

2 min. 6 sec. on matte paper

3 min. 51 sec. on semi-gloss paper

Sound Level

42 dB(A)

Printer Language

EPSON ESC/P Raster

Standard Interfaces

USB, FireWire (IEEE-1394), Parallel

Paper Handling

Letter, legal, 3.5" x 5", 4" x 6", 5" x 7", 8" x 10", 11" x 14", 11" x 17" (B), 13" x 19" (Super B), A4, statement, executive, A3 (11.7" x 16.5"), user-definable sizes, roll paper (4", 8.3", 13") and panoramic up to 13" x 44"

Maximum Printable Area

13" x 44"

Physical Characteristics (L x W x H)

24.3" x 13" x 8.2" (storage)

24.3" x 34.1" x 15.4" (printing)

25.7 lb

Ink Cartridge Life

Black ink life

628 pages text (ISO/IEC 10561 letter pattern); 440 pages graphics (5% coverage)

Color ink life

440 pages (15% coverage)

Shelf life

2 years from production date

Optional Accessory

EpsonNet 10/100Base-TX External Ethernet Print Server

Warranty

Standard one year limited warranty including EPSON Exchange program (U.S. and Canada only)

* Lightfastness rating of 75 years, based on accelerated testing of prints on specialty media, displayed indoors and under glass. Actual print stability will vary according to image, display conditions, light intensity, humidity, and atmospheric conditions. Epson does not guarantee longevity of prints. For maximum print life, display all prints under glass or lamination or properly store them.
